1st Battle of the bars, competition

The aim of the competition is to highlight the best Bartending team of the bars.
The deadline for registration is [until Feb. 6, 2022 in the form](#)

This is a new competition that you are holding for the first time.

This competition was planned to start from September of each year in the area of each bar that wants to participate and be completed during the Panhellenic Championship, but unfortunately the conditions that have been formed due to the pandemic, forced us to shape it differently, so the team of each bar will participate directly in the finals.

This year's process for the competition will be as follows: 2 bartenders who will represent the bar they are working on will have 12 minutes to present the bar they are working with a few minutes introduction and then creating the Signature cocktail of the shop, also i a choose to make from a classic cocktail in the list below by making their own Variation-Twist.

The jury will evaluate the appearance and presentation by the bartenders, their professional training during the preparation of the recipes, and the cocktails that will be manufactured.

we want to introduce this new competition in the Greek bartending scene but to point out that it is also the only global competition that is being held for the first time.

So make your best smile and get to know us your bar through a small presentation and the Signature cocktail of your bar, also show us what ideas you have to tease classic recipes.

Competition rules:
